

KITCHENS

Whether it's a simple cabinet replacement, the kitchen of your dreams, or something in between, Omega handles all the details, from design through completed project. While cabinets are an important part of any kitchen, other components such as flooring, lighting, appliances, and tile combine to create an attractive and functional work area.

BATHROOMS

Want a new look to your bathroom? Omega can assist with custom cabinetry, built-in tubs/shower units, lavatories, stools, tile, marble and more! While we specialize in complete projects and can usually complete a total renovation to an average bath in a very short time, no job is too small! Call us and let's discuss your plans!

Omega is your one stop for all of your remodeling and restoration needs!

“Our customers are our best salespeople!”

I would like to take this opportunity to thank you for the timely and gorgeous work your craftsmen did on our home. From the master bathroom remodel, the new tile in the shower to our complete kitchen makeover we couldn't be happier! The house looks perfect!

Bruce P.

We love our new kitchen! It's beautiful and more functional than ever before. Our only regret was not finding out about Omega sooner. Give our thanks to all of your craftsmen who had a part in making our house more of a home.

Lin and Wallace M.

We have always enjoyed our experience of working with you the last few years on all of our projects. Our new room addition is the envy of the neighborhood! We have always received great service, an outstanding product and a fair price. Keep up the excellent work!

Carolyn R.

Your workmanship is outstanding. I can't believe how much of a difference you made in our home! The new tile in the kitchen and the new faucets are awesome as is the new lighting under the counters. Thank you! Thank you! Thank you!

Esther F.

ADDITIONS

Need a little more “elbow room”? Would you like a bigger garage or recreation area for the kids or grand kids? Omega is just a phone call away! Matching current siding and roofs are a snap. From plans, foundation, framing, doors, windows, electrical and drywall we do it all! And, at price that's fair and quality that's unmatched! How can we help you?

COMMERCIAL

Omega has planned and designed a wide range of office and commercial projects for both public and private sector clients as well as retail oriented facilities. Leasing requirements, marketing costs, HVAC, efficiency ratios and aesthetic detailing are an integral part of our design setting. From exterior construction to interior detailing, our company is well qualified to handle a broad range of design services.

Who is Omega?

Since 1989, Omega Restoration & Remodeling has built a reputation based on our ability to build trust with our customers. You talk, we listen. It's what we've always done.
